**DETAILED ACTION
EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Billings on January 4, 2005.

The application has been amended as follows:

Please cancel claims 12- 20.

Allowable Subject Matter

Claims 1, 2, 4- 11, and 21- 28 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art, either singularly or in combination, fairly teaches or suggests applicant's claimed invention wherein applicant recites "detecting bright parts of the image that are adjacent to the dark parts of the image, for the image data, the bright parts having a higher luminance value than the dark parts and smoothing said bright parts detected by filtering the image data, leaving the dark parts of the image unsmoothed".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
